

Collaboration between Social Protection Resource Centre (SPRC) & Office of Research Innovation & Commercialization (ORIC)

Date: April 26, 2022

In the developments of Post LoU signing with HSA, SPRC comes into collaboration with ORIC (Office of Research Innovation & Commercialization at HSA) where Dr. Mubashir Hanif (Director ORIC) welcomes Dr. Razia Safdar (ED SPRC) at his office. SPRC join hands with ORIC in the areas of Public health & climate change. ORIC is holding the mission to advance world-class research in public health and knowledge creation through enhancing the quality and competitiveness of research output. SPRC is already working on Universalization of Social Protection in Pakistan and pleased to collaborate with ORIC in the domains of Health protection and climate resilience.

Dr. Mubashir Hanif (Director ORIC) welcome SPRC on board and both parties agreed that through mutual collaboration, SPRC & ORIC can play a productive role in research community and can better contribute to new knowledge, discovery and innovation at both national and international levels.
